## HOSTILITIES CEASE.

The Miners Hope to End Their Strike by Arbitration.

### ENCOUNTERS WITH DEPUTIES.

Two Deputies and a Striker Killed at Cripple Creek, Colo., in a Mine Killed and Several Injured in a Fight at Imperial, Pa.

CRIPPLE CREEK, Colo., May 2.—A delegation from Colorado Springs, consisting of Dr. Slocum, president of the trades assembly; Mr. D. W. Bates, president, and Charles Geisler, secretary of the carpenters' union; and Mr. D. H. Hogan, the carpenters' union and Rev. Eva Carrington, came to the city yesterday with the hope that something might be done with a view to the settlement of the controversy that has arisen in connection with the strike. They were very courteously received by President Caldecott and other representatives of the union. A conference was held, at which it was stated that the delegation, entirely of its own responsibility, had come to the interest of peace and arbitration of all differences. After a very satisfactory conference all the miners in the vicinity congregated about the building in which the meeting was held, and Dr. Slocum addressed them, stating the grounds upon which arbitration could be brought.

The principle of arbitration is one of the fundamental ideas of the union and it is now believed that an understanding can be reached. In the meantime there is to be a complete cessation of hostilities on all sides. Prisoners are to be exchanged, and it is most earnestly hoped that this unfortunate affair will be settled and a new era of good feeling and prosperity brought to the camp.

Saturday's clash of arms between the miners and deputies was precipitated in an endeavor on the part of the deputies to make a night march and gain possession of the city of Victor, with the intention of using it as a base of operations in future attacks on the miners.

Hiram Crowley was killed early in the fight by a bullet, which entered his right cheek. After he fell his comrades, crazed with rage, fought more fiercely than ever. "Dynamite Shorty" had part of his right ear shot away, while one of the other miners had an arm broken by a ball. The third received three bullets, but fortunately all were flesh wounds and not serious. At what time during the affair the two deputies were shot is not known. Deputy Babideau's body, containing three bullets—one through the heart—was found near the railway tracks in the morning by the construction gang as they went to work. He evidently had been deserted by his comrades. The body of the other man was carried to the freight cars and sent to Florence.

By the killing of Babideau the miners avenged themselves for his bearing towards them while acting as deputy at Cripple Creek during the past year and his efforts to break up the strike. A few weeks ago he was beaten and run out of camp and warned never to return.

Governor Waite recalled his order for the troops to start to Cripple Creek. He spent the night considering the various phases of the situation and decided that the law should take its course. The troops are, however, held in readiness to move in an hour's notice.

### Governor Patterson and the Miners.

HARRISBURG, May 23.—Governor Patterson and Adjutant General Greenleaf returned last night from a visit to Houtzdale, where they went in the hope of bringing about a speedy adjustment of the trouble between the striking coal miners and the operators. The governor declined to discuss the probable results of the trip on the ground that, having agreed to act as an arbitrator in the settlement of the difficulty, should that course be agreed upon, it would not be proper for him to talk on the situation. He expects to have a conference with the operators in a few days, and will endeavor to have both sides agree to arbitration. The governor is pleased with the courteous manner in which he was received by the miners, and is convinced that the strike will be settled without loss of property or life.

### The Maryland Miners.

FROSTBURG, Md., May 23.—Businessmen have some fear that the summer's trade here will be crippled by the suspension. Superintendent B. S. Randolph, of the Consolidation Coal company, says his company had better prospects of full work for the summer than they have had for several years. They succeed in getting markets that they lost some years ago but the strike will likely take away these new openings. The Hoffman miners of Vale Summit, who had suspended, were all again at work Saturday except three.

### Women Aid the Strikers.

THREE HILL, Ind., May 23.—All trains on the Evansville and Terre Haute railroad were held up at Shelbyville, south of this city, and examined by the strikers. When coal was found the cars were held back. On the Big Four the trains were also held up and examined. The miners' wives are still in charge of Big Four coal shutes, and refuse to let the company coal its engines. Coal at Evans has risen in price and many industries have closed. The electric company and street railway companies are burning oil.

### A Striker Loses His Life.

PITTSBURG, May 27.—Another riot of miners is reported to have occurred at Imperial, Allegheny county. One man is dead and several are reported to be wounded. Besides the man killed at Imperial a striker named Koski was injured, probably fatally, but he has been secreted by his friends. The company has applied to the sheriff for protection and several deputies will be sent to the mine. Further trouble is feared in the Mansfield valley.

### The Situation in Alabama.

BIRMINGHAM, Ala., May 23.—Four more companies of state militia arrived yesterday to join the others that are already in camp at Ensley City. There seems to be little change in the threatening situation. A pitched battle without bloodshed occurred, in which nearly a hundred shots were fired. A shooting scrape between some negroes and miners took place and the telephone wires were cut.

A pitched battle without bloodshed occurred, in which nearly a hundred shots were fired. A shooting scrape between some negroes and miners took place and the telephone wires were cut.

**Senator Gorham Improving.**  
BALTIMORE, May 27.—The latest news from Senator Gorham's home at Laurel is that he is much better, and his physicians say a few days of rest will now restore him. His illness was the result of overwork and nervous prostration.

**Fatal Shooting Affray.**  
HOPKINSVILLE, Ky., May 28.—A fatal shooting affray took place at a country store at Pilot Rock, nine miles east of here, resulting in one man being killed and another probably fatally wounded. Neel Edwards shot and instantly killed Samuel Martin, with whom he had some trouble.

**Victory for Father Malone.**  
DENVER, May 23.—Archbishop Chapelle has concluded the hearing in the Mata-Malone controversy, and the result is a victory for Father Malone. Not only is he acquitted of the charge of mismanagement of the parish funds, but the sentence of excommunication pronounced by Bishop McFate is revoked.

**A Young Matador Killed.**  
MADRID, May 23.—There was a sickening spectacle in the bull ring here yesterday afternoon. El Espartaco, a well known young matador, while engaging the first bull sent into the ring, was caught by one of the horns of the animal and his abdomen was ripped open. He died in five minutes.

**To Be Checked Like a Trunk.**  
CHESTER, Pa., May 23.—Chief Bagshaw, of Chester, has received telegraphic advice to tag little Johnnie Lett, whose father eloped with pretty Nollie Brice, and express him to his mother at Memphis, Tenn. Nollie is still in Chester, but Lett was advised to leave town.

**Engineer and Brakeman Killed.**  
AQUILLA, Tex., May 23.—The engine and six cars of a freight train on the Texas Central railway jumped the track here. Engineer John Elliott and Brakeman Arthur Woodall were crushed to death beneath the debris.

**Suicide in the Capitol Grounds.**  
WASHINGTON, May 23.—An unknown white man, apparently 25-years old and well dressed, committed suicide by shooting himself in the Capitol grounds.

**Balmakers at Work in Texas.**  
SAN ANTONIO, Tex., May 23.—A party of balm-makers from some point in the north have been operating in the usually arid regions about 100 miles east of here, near Brackett, for the past two weeks and have thoroughly convinced the people of that section that their scheme is a grand success. Heavy rains have fallen in that immediate locality during the past few days, the total fall having been greater than for several years. The process consists of firing some kind of chemicals into the air.

**Heavy Storm on Lake Superior.**  
DEER PARK, Mich., May 23.—A heavy northwest gale is raging on Lake Superior, accompanied by snow storms. The tug Andrew J. Smith was compelled to abandon her raft of many million feet of logs in mid-lake, as she could not make any headway with it, and was in some danger herself. The tug Sampson also dropped her raft and came in for shelter.

**A "Home Guard" Against Authority.**  
TOPEKA, Kan., May 6.—At a meeting of the Home Guard here the following resolution was adopted: "That Captain Hunter be instructed to tender the governor the services of the Home Guard to maintain law and order as against ex-Chief Justice Crocker, the mayor, the sheriff and the United States marshal, or other riotously disposed persons."

**A. F. A. Member Probably Fatally Shot.**  
PALATKA, Fla., May 23.—Yesterday afternoon John Kane was shot in the head and dangerously wounded by Ernest Wolfe. Wolfe is a German and a member of the American Protective association, while Kane is an Irish Catholic. The men tell conflicting stories about the affair.

**Galvin's Army in Maryland.**  
BALTIMORE, May 23.—A detachment, 325 strong, of Colonel Galvin's California industrial army, is encamped, six miles north of this city. They are en route to Washington, which city they expect to reach, recruiting as they advance, in four or five days.

**For Over Fifty Years.**  
MRS. WINSLOW'S SOOTHING SYRUP has been used by millions of mothers for their children while teething. It is a safe and reliable remedy for all the ailments of childhood, and is the only remedy that will cure them without doing any harm. It is a simple and effective remedy for all the ailments of childhood, and is the only remedy that will cure them without doing any harm. **Cure for Headache.**  
As a remedy for all forms of Headache Electric Bitters has proved to be the very best. It effects a permanent cure and the most dreaded habitual sick headaches yield to its influence. We urge all who are afflicted to procure a bottle and give this remedy a fair trial. In cases of habitual constipation Electric Bitters cures by giving the needed tone to the bowels, and few cases long resist the use of this medicine. Try it once. Large bottles only 50 cents at McMonagle & Rogers drug store.

## AN IMPERIAL UKASE.

It Creates Great Consternation Among Russia's High Dignitaries.

ST. PETERSBURG, May 23.—The most important reform of a retrogressive and centralizing character yet executed by the present czar in the administration is announced in an imperial ukase bearing date of May 18. The ukase has struck the entire Russian official world with consternation. Nobody has an inkling of the intention of the czar. The ukase deprives all the ministers, governors and other high dignitaries of the power they have hitherto freely exercised of appointing and dismissing their official subordinates of all classes, and establishes, under the czar's direct supervision, the special committee of control which existed for a few years under Czar Nicholas.

After Nov 13 the questions of appointments and dismissals must be referred to this committee. It is not known what really caused the issue of the ukase. It is also reported that the ministers were greatly perturbed when informed that the ukase had been issued. The new minister of justice wrote a report to the czar in regard to the decree and received a sharp answer for his pains. The ministers, who regarded the action of the czar as a sign of mistrust, met the committee of control and talked of resigning.

This reform will have two consequences. Favoritism in regard to the promotion will be rendered impossible and minor officials will be delighted to know that they cannot be discharged through the mere arbitrary caprice of their superiors.

News of political arrests comes from every direction. The police have not been so active in years. About 200 students who were attending the St. Petersburg university have been either arrested or expelled from the institution, while all the others are leaving the city in fear that their turn may come next. It is reported that thirty persons have already been banished to Siberia.

**The Fastest Bismarck in Collision.**  
HAMBURG, May 23.—The collision that occurred on the morning of May 22, between the Hamburg-American line steamer Fuerst Bismarck and the French bark Louise, bound from Martinique for Bordeaux, was due to the fact that the lights of the bark were hidden by a sail. The bowsprit and foremost of the Louise were broken, otherwise she sustained no damage. The crew of the sailing vessel were badly frightened, and were taken on board the Fuerst Bismarck.

**Prize Fighters Found Guilty.**  
CORNING, Ia., May 23.—The trial of Ryan and McCoy, the prize fighters who violated Iowa's new law against prize fighting, has resulted in a verdict of guilty. Sentence has not yet been passed. The maximum punishment is \$1,000 fine, one year's imprisonment in the penitentiary, or both. The trial of the officers of the Creston Athletic club, its aiders and abettors, has been postponed until the next term of court.

**Bissell Indicted by the Grand Jury.**  
TRENTON, May 23.—The Mercer county grand jury has found 103 indictments against Isaac F. Bissell, now in jail here charged with having embezzled about \$20,000 from the American Sugar company. Bissell was secretary of the company, and secured money by inducing checks in the name of the company. The latter has brought suits against three Trenton banks to recover the money, claiming that the treasurer only had the right to indorse checks.

**Engineer Badly Crushed.**  
NORTH YAKIMA, Wash., May 23.—Backwater from the Yakima river undermined a small bridge on the Northern Pacific railroad nineteen miles east of here, and a freight train crashed through the bridge. Engineer Worth jumped as his engine crashed through the bridge. He was badly crushed, but will live. Many gardens and orchards along the lowlands have been washed away.

**Perished With the Steamer.**  
SHANGHAI, May 23.—Brief and indefinite cable advices from New Zealand report a South Pacific steamship horror at the Island of Tasmania. The German steamship Alwine, bound for Australia and New Zealand local trading vessel, is reported to have been totally wrecked. Nearly all of her passengers and crew went down with the vessel or perished endeavoring to reach shore.

**The Missouri River Dangerously High.**  
ATCHISON, Kan., May 23.—During the past forty-eight hours the Missouri river has risen nearly six feet. The rise was rather sudden, and great damage is being done to property in the vicinity of East Atchison. During the past twelve hours the stream has cut away nearly two hundred feet of adjoining land near the town and the work of destruction continues.

A certain cure for Nervous Debility, Indigestion and Inward Weakness, and a general regulator for the stomach and bowels. The price is \$1 per bottle.

## AN EXPRESS WRECKED.

A Train on the Baltimore and Ohio Crashes Into a Huge Rock.

### ENGINEER AND FIREMAN KILLED.

The Express Messenger So Badly Scalded That He May Die.—The Wreck Takes Fire and Three Cars Are Consumed Within Fifteen Minutes.

PITTSBURG, May 23.—Yesterday as the Baltimore and Ohio express No. 9, west bound, reached the sharp curve at Pine Grove station, nine miles this side of Meyersdale, a terrible wreck occurred, in which two men were killed and one severely injured that he will probably die. The train was twenty-five minutes late at Sandpatch, and the engineer in order to make up lost time was running his engine at her limit probably at a speed of forty or forty-five miles an hour.

A huge rock weighing about fifty tons had been loosened from above the road by the heavy rains of the past week and fell square across the tracks. Owing to the sharp curve at the scene of the accident the engineer could not see the obstruction until within a few feet of it, consequently the engine crashed into the obstruction with a terrific force, completely demolishing engine and tender and wrecking three baggage cars. The engineer, William Nicholson, aged 41, of Glenwood, Pa., was so badly crushed and burned that all of his remains to be found were gathered up and placed in a bucket. William H. Reinart, fireman, aged 23, of Glenwood, Pa., was burned and scalded to death. O. E. Stahl, express messenger, of Baltimore, was badly scalded, and sustained severe internal injuries which will probably cause his death.

Fortunately no passengers were seriously injured, although many were bruised, and all received a thorough shaking up. The three express cars caught fire and were entirely consumed, the passengers say within fifteen minutes. Three hundred and fifty feet of track were torn up and traffic was delayed for six or seven hours. The loss to the railroad and express companies is not as yet known, but will be considerable.

**Church Riot at Freehold.**  
FREEHOLD, Pa., May 23.—During a riot yesterday at St. Casimir's Polish Catholic church at Freehold, Victor Tipinsky and Peter Yommoski were fatally shot. James Travinsky and Joseph Datto were severely injured by the mob. The police, Chief of Police James Gallagher and Officer Jones, of the police force, cut and injured by stones thrown by the crowd. A factional fight has been waging for a year in the church, and the enemies of the pastor, Father Marzok, attempted to prevent him from entering the church. His police escort was attacked by the mob, and the officers fired upon them.

### Tried to Kill the Farmer.

HARTFORD, May 23.—Ernest Driggs, a farm hand, is under arrest at West Hartford, charged with assault with intent to kill Linus N. Burt, a farmer. Until recently Driggs was in the employ of Burt, but was discharged. Burt was awakened by a noise in his bedroom, and found Driggs in a closet. A terrible struggle ensued, and Driggs was only overpowered when neighbors arrived, having been summoned by Burt's daughter. Driggs was then bound hand and foot and taken to the lockup.

### Injured by a Vicious Stallion.

PATTERSON, N. J., May 23.—Milton Gar-side, a farmer and horse breeder, at Lower Peekness, was seriously injured by a fractious stallion. Two stallions got into a fight. Gar-side attempted to part them, but the stallion brought him down by grasping the calf of his right leg in its teeth. The muscles of the leg were almost torn from the bone. The stallion also chewed the thumb from Gar-side's hand and tore the flesh from the wrist until the joint was exposed. He will lose his hand.

### Death of a Prominent Indianian.

PERT, Ind., May 23.—Hon. John Ambrose Graham, one of the best and most widely known men in northern Indiana and of national reputation, died yesterday, aged 78, of a complication of diseases. He came here in 1835 from Baltimore, entering business for himself, established and ran the Miami County Sentinel from 1845 to 1861, and in this capacity earned the sobriquet of the Horace Greeley of the West. He served this city as mayor for four consecutive terms.

## A PRIEST'S STARTLING STORY.

The Attempted Murder of a Woman Brings Forth an Alleged Plot.

CLEVELAND, May 23.—A Polish woman named Mrs. Elizabeth Janski was found wandering in the streets in the southern part of the city suffering from a bad wound in the head. She said she had been assaulted by a man, but before she could give the particulars of the assault she became unconscious, and was removed to a hospital. She has not yet recovered consciousness.

Rev. A. P. Koleszewski, the deposed pastor of St. Stanislaus Catholic church, declares that Mrs. Janski was the principal witness in possession of information of a plot to blow him up with dynamite. When the row at St. Stanislaus' church was in progress he says St. Anicolas Kosinski was deputized to place a dynamite bomb in his buggy. After his deposition Rev. Koleszewski went to Syracuse, N. Y., and he declares that Kosinski followed him to that city, and with a crucifix in his hand confessed the part he was to take in the plot.

A short time thereafter a Polish printing office in this city was destroyed by fire. In the ruins of the building the body of Kosinski was found with a knife wound in the body. Rev. Koleszewski says that that Kosinski was murdered and his body buried to conceal the crime by persons who knew of his confession, and that an attempt has been made to put Mrs. Janski out of the way because of her knowledge. The other faction of St. Stanislaus' congregation laugh at the priest's story, but the police are investigating the assault.

### TREASURY OFFICIALS WORRIED.

The Present Depleted Condition of the Treasury Causes Anxiety.

WASHINGTON, May 23.—The present depleted condition of the treasury and the discouraging outlook for the future are a source of considerable worry to the officials of the treasury department. Already the gold reserve which had been brought up by the last bond issue to \$107,390,443, has been reduced by exportations since March 10, to less than \$80,000,000, with no indications that the foreign demand will cease until it has reached a much lower point. With the exception of the gold reserve and counting every available dollar in the vaults of the treasury the government today has less than \$80,000,000 with which to meet its obligations. Nor does the future show any signs of encouragement. On the contrary, the probable deficit of \$8,000,000 for the month of May, is likely to be increased by \$15,400,000 during the two succeeding months. The closest calculation that can now be made shows that the deficit for the fiscal year ending June 30 will be approximately \$74,500,000. Close estimates place the receipts for May at \$22,500,000 and the disbursements at \$28,500,000. For June the receipts are likely to be about \$23,000,000 and the expenditures \$28,000,000, making the total receipts for the fiscal year \$231,309,749 and the disbursements \$265,757,197.

### Strikers Hold Trains.

SPRINGFIELD, Ill., May 23.—The sheriff of Woodford county telegraphed Governor Altgeld that a mob of striking miners is obstructing coal traffic on the Illinois Central road. He has sworn in a force of deputies, but had no arms nor ammunition for them. All is quiet at Mazonke, but the miners refuse to allow coal trains to move. The mayor of Elmwood wired that the town had been visited twice by a mob of strikers, and that he was informed that a much larger mob would come. Colonel Bennett, at La Salle, wires that all has been quiet there today.

### The Late Bishop Ames' Wealth.

BALTIMORE, May 23.—When Mrs. Emma L. A. Weik, the granddaughter of the late Bishop Edward Ames, succeeded in breaking his will and being appointed his administratrix it was found that the bishop's daughter and her husband, Mr. and Mrs. W. J. Hiss, of Orange, N. J., had converted \$33,708.00 of the personal estate to their use. Mrs. Weik has now instituted suit against Mr. and Mrs. Hiss to make the interest of the latter in the real estate of the deceased bishop liable for the sum converted by the defendants.

### The Topeka Contingent.

TOPEKA, Kan., May 23.—H. H. Artz, who was removed from the adjutant generalship of Kansas by Governor Lewellyn, will lead the Topeka contingent of the Commonwealth army to Washington. General Sanders received a company of thirty-eight men here last night, and Artz was elected captain. The company will leave here tomorrow morning for Leavenworth, arriving there in time to board the "Commonwealth," which General Sanders says will positively start for St. Louis on that day.

### Cured of Rheumatism.

"I was troubled with pain and stiffness in one of my knees and I used external applications without any benefit. Reading a testimonial from a sufferer from rheumatism I concluded to buy a bottle of Hood's Sarsaparilla. I took it, and the stiffness and pain have left me, though I am in my 74th year." ANNA J. BARN, 51 St. John's Place, Brooklyn, N. Y.

### Hood's Pills cure sick headache.

## THE WEEK IN CONGRESS.

The Main Interest Centers in the Sugar Schedule.

### TACTICS OF THE SUGAR TRUST.

The Alleged Operations of the Trust in Connection with Legislation May Claim the Attention of the Senate for a Portion of the Week.

WASHINGTON, May 23.—The main interest in the proceedings of the senate this week centers in the prospective contest over the sugar schedule, which will likely be reached tomorrow. The consideration of the metal schedule having been concluded Saturday the wood schedule is the only one now standing before sugar. The principal debate on the wood schedule will be on the subject of lumber, which having been put on the free list when so many other articles of raw material are made dutiable will arouse an animated discussion; but it is believed by the leaders on both sides of the senate chamber that it will be possible to dispose of the entire wood schedule today.

It is also possible that the special committee which is investigating the alleged operations of the sugar trust in connection with legislation may claim the attention of the senate for a portion of the week. It is quite probable that the committee will report the refusal of the newspaper witnesses to testify in response to certain questions put by the committee, and ask for instructions from the senate. In the event that this report should be made today, as is probable, the report would lie over for a day, and would probably lead to some debate.

The questions that such a report would raise are of a character to make foundation for a very animated and even a prolonged controversy, but as the Democratic senators are anxious that the tariff debate should be subjected to as little delay as possible, and the Republican senators profess not to be desirous of retarding progress, the question if precipitated may not receive the attention that it would under other circumstances.

There is also a possibility of adjourning over for Decoration Day. The Republican opponents of the bill will probably suggest this adjournment, but the Democrats have not yet decided whether they will agree to the proposition.

Senator Walsh began his maiden speech in the senate on the tariff at 11 o'clock this morning, being followed by Senator Pettigrew.

The coming week in the house will be much broken up by special orders and adjournment over Decoration Day. The state bank debate will have the right of way, but it can get but three days in the week at the best. Today is District of Columbia day, and the state bank men have consented not to infringe on that day. The bank will be taken up again tomorrow, when Representative Johnson will make the opening Republican speech in opposition to state banks, and Representative Cox will open for unconditional repeal of the state bank law. Representative Warner (N. Y.), Warner (Mass.), Raynor (Md.) and Harter (O.) are also down for speeches, some of which will go over on account of Decoration Day. The bank question will get another day on Thursday, to be displaced, however, on Friday by private bills. The hopes of the state bank men are to close the debate and get a vote before the week closes.

### The Cabinet Crisis in France.

PARIS, May 23.—M. Dupuy, who is trying to form a cabinet, considered his conference yesterday afternoon with the men whom he desires to accept office in his proposed ministry. The chief difficulty that M. Dupuy is meeting with relates to the portfolios of foreign affairs and finance. M. Burdeau and Boulanger having both refused to take office. President Carnot will have a conference with M. Boulanger, and if he still refuses to take the office proffered him M. Dupuy will abandon the task of forming a ministry.

### Smith Declared a Heretic.

SARATOGA, N. Y., May 23.—By a vote of 86 to 41, the general assembly confirmed the judgment of the Cincinnati presbytery, finding Professor Henry Preserved Smith guilty of heresy. On motion of Rev. Dr. McCook, of Philadelphia, a committee of five was authorized to consult with Professor Smith and ascertain whether he would refrain from further promulgating his objectionable teachings within the church.

### The Grip.

An experience with this disease during all its past epidemics, warrants the bold claim that Dr. King's New Discovery will positively cure each and every case if taken in time, and patient takes the ordinary care to avoid exposure. Another thing has been proven, that those who have used Dr. King's New Discovery, escape the many troublesome after results of this disease. By all means get a bottle. It is guaranteed, and money will be refunded if no good results follow its use. Sold by McMonagle & Rogers.

### Facts Worth Knowing.

In all diseases of the nasal mucous membrane the remedy used must be non-irritating. Nothing satisfactory can be accomplished with douches, snuff, powders or astringents, because they are irritating, do not thoroughly reach the affected surfaces and should be abandoned as worse than failures. A multitude of persons who had for years borne all the worry and pain that catarrh can inflict testify to radical and permanent cures wrought by Ely's Cream Balm. Your druggist has it.

## IN MEMORIAM.

Resolutions of the Board of Health on the Death of the Late James H. Wallick.

MAYOR'S OFFICE.  
CITY OF MIDDLETOWN, May 24, '94.

Death has again removed one of the fathers—one of the few remaining links that connect a country village with our bustling, progressive city has gone. While it is fitting and proper for any organization to take proper notice of the death of any of its members, there are reasons greater than this why this Board of Health of the city of Middletown should lament the loss of James H. Wallick, one of its esteemed members, who was called away from earth on the morning of May 24, 1894.

Early in life, prominent in positions of public trust, both financial and in the higher civil calling, in the then growing village, he has left an indelible impression on this city and community in the remembrance of his assiduous welfare for its advancement, and the advancement of those around him by his generous aid and assistance.

While the effects of a terrible injury in the prime of his manhood have clouded and perhaps disheartened his later life, yet with his cheerful disposition and his interest in public affairs, he still enjoyed the friendship and respect of all.

Participating in the feelings of sadness with those who knew him best, we extend our sympathy to the family in their affliction, and this Board resolves to spread upon its minutes these few words to his memory, and further resolve to attend the last sad rites to the deceased in a body.

FRED A. CLEVELAND,

## REMINISCENCES OF THE ERIE

The Time Made and the Fares Charged a Quarter of a Century Ago.

From the *Longhamton Republican*.

W. B. Locherty, passenger agent of the C., B. and Q., has one of the first time tables issued by the Erie Railway, in 1877. It is worn and yellow with age, and withal so precious that its owner keeps it locked up in a strong box. On the outside cover the wonderful announcement is made that this is "the shortest route by twenty-two miles running through from New York to Buffalo, Salamanca and Cincinnati without change of coaches." From New York to Buffalo the running time was proudly announced to be only eighteen hours, and one only had to remain on the road to Chicago the short space of two days and two nights. The distance between New York and St. Louis was annihilated in a paltry fifty hours and the fare was only \$4. Passengers contemplating a trip to San Francisco were especially advised to go by this route as far as Salt Lake City, because of the indictment in the matter of cheap fare, \$22.45, and then take a private schooner overland the remainder of the journey for \$250 more. Rather a sharp contrast, this last trip with the present cost thereof, which is \$84.

## THE PRESIDENT COMING TO MIDDLETOWN.

The Sick May Receive Medical Service Free of Charge.

The President and members of the European and American Staff of German, English, Irish, Scandinavian and American Doctors of New York city will be at the Russell House, Middletown, on

Tuesday, June 12th,

one day only. The sick and afflicted may consult them without charge during that day.

If you are incurable they will tell you; therefore invalids must not take offense if they are rejected, as no case will be accepted unless there is a moral certainty of a cure being effected. These doctors are graduates of the best universities of Europe and America; they are of the highest standing in the medical profession and have had unlimited experience in the treatment of all Chronic Diseases and Deformities. As the latest methods, instruments and appliances of the various schools of both the Old and the New World are familiar to all at the command of this staff of doctors, it is reasonable to believe that if they cannot cure you, no other can. A cure can be effected, even when the patients have been given up as incurable by doctors who have had less experience. Do not be discouraged because your doctor cannot give you relief, or even if he tells you that you cannot get well, for it matters not what your disease may be, you can consult the doctors free, and, if curable, they will treat you; if incurable, they will give you such advice as will tend to prolong life and afford you the greatest relief.

The doctor will visit Middletown one day each month. Office hours from 10 a. m. to 6 p. m.

Ready mixed paints, best quality, \$1.25 per gallon, at McMonagle & Rogers' drug store.

## "THE BLUE GRASS KING."

Mr. James H. Wallick in his New Play Tonight's Grand Attraction.

James H. Wallick, the renowned melodramatic actor, has added a new piece to his repertoire, "The Blue Grass King," a strong war play, which he will present with elaborate stage settings and a superb company, introducing his wonderful equine actors, Boller and Texas, the best trained horses on the stage. Some of the features of this promised production are unique and novel, such as the burning of a stock farm stable, with the rescue of the horses. "An Execution of a Spy," a "Battle with Bushwhackers," and the thrilling "Leap for Liberty and Life." Our readers will have a chance to see this powerful production at the Casino, this evening.

The Erie's Memorial Day Excursion to New York.

Do not forget the excursion of the Erie on Decoration Day to New York and return for \$1. Tickets good only on special train leaving James street 7:54 a. m. and Main street 7:50. Returning leaves Chambers street 7:45 p. m. and Twenty-third street five minutes earlier. This is a very cheap and pleasant way of spending the day. There will be a parade in the morning and all the theatres will have matinees in the afternoon.

Thomas Grimley Escapes from an Officer But is Recaptured.

Thomas Grimley, of Port Jervis, was, on Saturday, sentenced to six months in Albany for drunkenness and disorderly conduct. The officer who started to take him to prison placed too much confidence in him and at the depot gate Grimley ran away. With the aid of a horse and wagon he was finally recaptured. The bracelets were put on him at once to avoid any further trouble.

Capture of a "Wild Man."

A so-called wild man was arrested at Pompton, N. J., Saturday. He entered the village half-naked, flourishing an ugly looking knife, muttering unintelligibly and pointing to his mouth to indicate that he wanted food. He was captured after a hard struggle. The man was examined by the County Physician, who pronounced him but little more than an imbecile. He will be sent to an almshouse or an asylum.

A Toney Entertainment for High Toned Colored People.

At "Prof. Henderson's monster reception, live pig, snake walk and grand hog snake eating contest," at the Assembly Rooms, on the evening of May 26, a prize will be given to the lady wearing the longest train in the walk and a prize to the gentleman wearing the tightest collar. A chair will be presented to the latest couple. The pig is six weeks old.

A High Kick.

A long, lean, lank countryman, who had a good sized jag on, stood in front of the Hamilton House, Saturday, and offered to bet the drinks he could kick the sign over the sidewalk, which is over seven feet high. The bet was taken by a drummer, the countryman let his cowhide boot fly into the air, and it struck at least six inches above the lower edge of the sign. The drummer treated.

The Erie's Memorial Day Schedule.

On Decoration Day, May 28th, the Erie will run trains on Sunday schedule with the addition of the Orange County Express, which will run both ways as usual. No. 25 will also run on regular schedule. The train leaving here at 8:35 a. m. will be withdrawn on that date.

Strangled Beyond Recognition.

The body of an unknown man was found on the Erie track near the coal pockets at Susquehanna, early Saturday morning. The body was so mangled as to be unrecognizable, and it is presumed that a number of engines had passed over it.

Summons by Lightening and Mail.

During Thursday night's storm lightning struck the tall iron chimney on Paterson Bros. greenhouses at Central Valley. The chimney fell upon the houses, breaking a large quantity of glass. On the same night hail destroyed about all the glass left by the chimney.

## THE BOILERS BURST.

Five of the Crew of the Norwegian Steamer Killed.

MADRID, May 28.—Further particulars have been received of the explosion which occurred on the Norwegian steamer *Norvege*, at Oron, on the Bay of Biscay. The steamer was taking coal on board when her boiler exploded with terrific force. Her decks were shattered and the boats and deck drums were blown to splinters. Some of the debris was carried across the quay at which the vessel was lying, and a piece of timber struck a dock laborer, killing him instantly. Two steamers laden with sulphuric acid and gun powder were lying close to the *Norvege*. Part of the contents of the latter were carried away by the force of the explosion, and so falling struck the other two steamers, inflicting great damage on them. Five of the crew of the *Norvege* were killed, and several others were either scalded or injured by the flying debris.

The noise of the explosion was heard all over the town, and the inhabitants looked to the quays, believing that an accident similar to the blowing up of the steamer *Calas* had occurred at Santander some time since had occurred.

## DAILY ARGUS.

C. MACARDILL,  
PUBLISHER.GEORGE H. THOMPSON, Editor  
C. MACARDILL, Business Manager  
J. F. ROBINSON, City Editor  
A. E. NICKINSON, Business Manager

MONDAY, MAY 28, 1894.

Senator Hill moved, Saturday, to place lead ore on the free list and made a speech in support of his proposition. Senators Iby and Mills voted with him and fifty-two Senators against him. When the vote was announced Mr. Hill turned to Senator Sherman and ironically congratulated him on "now leading both parties with great unanimity." A remark, which, we may add, was not at all slow for New York's senior Senator.

The Senate Committee on Commerce favorably reported the Hudson River bridge bill, Saturday. The Senate bill differs from the bill that passed the House in a few minor details, but if the bill is passed by the Senate the changes will no doubt be agreed to by the House. The bill is so drawn as to meet all the objections urged by the President in his veto of the original bill and as soon as passed will, no doubt, receive executive approval. The bridge company promises to begin active operations as soon as it is authorized to do so, and we may soon hope to see this work of great local as well as of national importance under way.

Judge Butler, of the United States District Court, in Philadelphia, Saturday, refused to naturalize an avowed Socialist. His action in this case was wise and in the line of good government. A Socialist is admittedly a citizen of the world owing allegiance to no one country, but to humanity, whatever that may mean. It is bad enough when an American citizen embraces Socialism, but it is needlessly cheapening American citizenship to extend its privileges to a Socialist, who will only use them as a cloak for his schemes to subvert existing conditions of government and property rights.

Gov. Flower's review of the partisan work of the Republican Legislature, in his address at the banquet of the Democratic Club in New York city, Saturday, was very timely and very effective. The people of the State knew, in a general way, that the one great aim and object of the Republican majority in the Legislature had been to enact laws that would insure to the advantage of the Republican party, but not until its work is grouped together as the Governor grouped it, does one realize the reckless partisanship of the accidental Republican majority in the Legislature of 1894. It tried to legislate out of office directly 168 local officers and indirectly 1,300 subordinate officers in Democratic offices that their places might be filled with Republicans. It increased appropriations for every State department controlled by Republicans, except that of the State Treasurer. It appointed twenty-three committees with power to incur all sorts of expenses, to investigate matters that need no investigation. It made a fictitious reduction in the tax rate by deferring the payment of appropriations and refused to make appropriations needed for the proper care and maintenance of the property of the State. It struck deadly blows at local self-government in the Democratic cities, but spared the Republican cities. It juggled and trifled with ballot reform and finally made any improvement on existing laws impossible by passing an act which it knew would not receive executive approval. It kept none of its pledges to the people, and its work is "evil and that continued."

It is already evident that the Republican leaders in the Constitutional Convention have decided to take no chances on Woman Suffrage. It is almost a certainty that it will be killed in the committee, which seems to have been organized against the movement, and if the committee dodges responsibility and refers the matter back to the convention in a non-committal report, the odds are ten to one that the convention will refuse to submit to popular vote a proposition to eliminate the word male from the constitution. The hostility of the Republican leaders to the equal suffrage movement has not its origin in any question of right, justice or expediency. It is a case of political, pure and simple. If women had the ballot most of them would for a time at least follow the political lead of their husbands, fathers and brothers. Two women of the cities would exercise the right of suffrage at once, while the women in the rural districts would hold back and be reluctant to go to the polls. The Democratic strength is in the cities of the State, while the rural counties

roll up the Republican majorities. Woman suffrage would mean, therefore, for several years at least, a greatly increased Democratic vote with no corresponding increase in the Republican vote, and such a condition no Republican constitution maker can contemplate with complacency, and so it is decreed in advance that woman suffrage must be laughed out of the convention if possible, but killed in any event.

## JUSTICE SUTHERLAND RETURNS.

Given Himself Up and Is Arraigned in Court—Will Plead Guilty to a Felony Indictment.

By United Press.

BROOKLYN, May 28.—Kenneth P. Sutherland, ex-Justice of Gravesend, returned from Montreal, this morning, and surrendered himself to the police.

Sutherland was arraigned before Judge Gaynor. Lawyer Shephard was present and asked that Sutherland's arraignment to plead be deferred until to-morrow. This was granted and Sutherland was remanded to jail. Mr. Shephard subsequently said that he thought Sutherland would plead to the new indictment, charging him with procuring a false canvass of voters in the second district of Gravesend. This is a felony, the punishment for which is not more than seven years in state prison. Mr. Shephard hinted that Sutherland would probably make a statement in court giving the present situation of the frauds in general.

## System Broken Down

Distress—Pains in the Back

New Life and Strength Given by Hood's Sarsaparilla.

"C. L. Hood & Co., Lowell, Mass.:—Dear Sirs: I do not think there is any other medicine on the market so good as Hood's Sarsaparilla. I have taken only three bottles and am now in better health than for three years."

My System Was Broken Down so that my friends remarked upon my falling away. I could not keep anything on my stomach and I suffered terrible distress, especially in the left side. I had a severe pain in my back all the time so that I could not work.

Hood's Sarsaparilla Cures. Before I had taken one bottle of Hood's Sarsaparilla the pain in my back was gone, the first time for two years. I can eat anything and keep it on my stomach without distress afterwards. The trouble with my back is over and I can work all day.

as years ago. When people remark upon the change in my looks I tell them Hood's Sarsaparilla did it." SEWARD TAPLIN, N. Volney, N. Y.

Hood's Pills act easily, yet promptly and efficiently, on the liver and bowels. 25c.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & Co., Toledo, O., Sold by Druggists, 75c.

## DID YOU EVER TRY TO SAVE \$500

Or even half of it? It was a tough job, wasn't it? You often felt like using them money, didn't you? That was because you knew you had it in your pocket or the bank. Could you save \$250 to buy a piano? Doubtful but you wouldn't miss \$10 a month if you could pay it that way and get a first-class Piano from the start.

That is just what we are in business for. Although we sell Pianos and Organs for cash, and at prices that cannot be beaten in the world, we also sell the same instruments on credit terms, asking only a small per cent. for the accommodation. It's the best and easiest way that you can secure a Piano or Organ. The latter are only \$5 per month.
